DOUBLE TRIPLE RIPPLE

MATERIALS

- I Love This Yarn – Deep Sea Diving – 2 Skiens
- I Love This Yarn – I Love This Teal – 2 Skiens
- I Love This Yarn – Sungold – 1 Skien
- Size J Crochet Hook (6.0mm)

GAUGE

Gauge Swatch - Chain 49, work 4 rows of pattern = 10" W x 3.5" H

COLOR REPEAT

- 5 Rows Variegated
- 5 Rows Gold
- 5 Rows Teal

PATTERN TIPS

- **Too Many Double Crochets** – If you accidentally do a peak with 3 double crochets instead of 2, skip one and do your front post treble crochets around the other two. The extra stitch should be sufficiently hidden in your work.
- **Last Leg of the Row** – Don't forget to skip 1 fewer stitch for the last leg of each row.
- **Working into the Chain 3 Space** – While the pattern calls for two double crochets to be placed in the top of chain three at the end of each row, this can sometimes be hard to do depending on your tension and other factors. If you find this is difficult, you can simply work these two double crochets into the space between the chain 3 and the first stitch from the previous row. If you decide to go this route, its best if you are consistent with this modification throughout the blanket.
- **Gauge Swatch** - You really should make one.

Long Hand Instructions - (US Terms)

Foundation Chain

In creating the foundation row for this textured ripple crochet pattern, the first step is to make a chain of stitches in multiples of 23 plus 3. For this blanket I used a starting chain of 164 in color A.

Row 1

Double crochet in the 4th chain from the hook. Double crochet in the next 9 chains (this forms 11 double crochets for the first side). *Skip 3 chains, double crochet in the next 10 chains, chain 3, double crochet in the next 10 chains.* Repeat from *. Place 1 extra double crochet in the last stitch (2 double crochets in the last chain).

Tip: At the end of row one, the starting leg and ending leg of the ripple should each have 11 stitches. All other areas of the ripple should have 10 stitches between the hills and the valleys.

Row 2

For row two and moving forward, I've broken this version of the pattern up into the main components of the ripple. Once you start to learn the pattern, it becomes easier to know where you are and what you should do.

1st Leg: Chain 3, turn. Place 2 double crochets in the same space (4th stitch from the hook). In the following stitches work 2 Front Post Treble Crochets, 2 Double Crochets, 2 Front Post Treble Crochets, 1 Double Crochet.

Valley: To create the valley, you'll need to work [1 Double Crochet, Skip 4, 1 Double Crochet] together.

Uphill: Double crochet in next stitch. In the following stitches work 2 Front Post Treble Crochets, 2 Double Crochets, 2 Front Post Treble Crochets.

Peak: Work 2 double crochets into the chain 3 space, chain 3, work 2 double crochets into the chain space.

Long Hand Instructions - (US Terms)

Downhill: Into the next stitches work 2 Front Post Treble Crochets, 2 Double Crochets, 2 Front Post Treble Crochets, 1 Double Crochet.*

Repeat from * until the last leg of the ripple.

Last Leg: For the last valley you will work [1 Double Crochet, Skip 3, 1 Double Crochet] together. Then, complete the rest of the last leg by working 1 double crochet, 2 Front Post Treble Crochets, 2 Double Crochets, 2 Front Post Treble Crochets, 2 Double Crochets in top of chain 3 from previous round.

Row 3

Starting in this row, the number of stitches skipped in our double crochet 2 together changes. I've bolded those changes in the pattern below.

1st Leg: Chain 3, turn. Place 2 double crochets in the same space (4th stitch from the hook). In the following stitches work 2 Front Post Treble Crochets, 2 Double Crochets, 2 Front Post Treble Crochets, 1 Double Crochet.

***Valley:** To create the valley, you'll need to work [1 Double Crochet, Skip 3, 1 Double Crochet] together.

Uphill: Double crochet in next stitch. In the following stitches work 2 Front Post Treble Crochets, 2 Double Crochets, 2 Front Post Treble Crochets.

Peak: Work 2 double crochets into the chain 3 space, chain 3, work 2 double crochets into the chain space.

Downhill: Into the next stitches work 2 Front Post Treble Crochets, 2 Double Crochets, 2 Front Post Treble Crochets, 1 Double Crochet.*

Repeat from * until the last leg of the ripple.

Last Leg: For the last valley you will work [1 Double Crochet, Skip 2, 1 Double Crochet] together. Then, complete the rest of the last leg by working 1 double crochet, 2 Front Post Treble Crochets, 2 Double Crochets, 2 Front Post Treble Crochets, 2 Double Crochets in top of chain 3 from previous round.

Long Hand Instructions - (US Terms)

Row 4

This is the repeat row for the rest of the pattern. The patterns for the 1st leg and last leg change completely here. This is because we want to maintain the texture on the sides as much as possible. In order to do that, we need to try and place our Front Post Treble Crochets around each Double Crochet from the previous round, and our Double Crochets on top of the Front Post Treble Crochets from the previous round. The exception to this is that we always want to use a double crochet for the double crochet 2 together valley transition due to stitch height.

1st Leg: Chain 3, turn. Place 2 double crochets in the same space (4th stitch from the hook). In the following stitches work 1 Front Post Treble Crochet, 2 Double Crochets, 1 Front Post Treble Crochet, 2 Double Crochets, 1 Front Post Treble Crochet.

***Valley:** To create the valley, you'll need to work [1 Double Crochet, Skip 3, 1 Double Crochet] together.

Uphill: Double crochet in next stitch. In the following stitches work 2 Front Post Treble Crochets, 2 Double Crochets, 2 Front Post Treble Crochets.

Peak: Work 2 double crochets into the chain 3 space, chain 3, work 2 double crochets into the chain space.

Downhill: Into the next stitches work 2 Front Post Treble Crochets, 2 Double Crochets, 2 Front Post Treble Crochets, 1 Double Crochet.*

Repeat from * until the last leg of the ripple.

Last Leg: For the last valley you will work [1 Double Crochet, Skip 2, 1 Double Crochet] together. Then, complete the rest of the last leg by working 2 Front Post Treble Crochets, 1 Double Crochet, 2 Front Post Treble Crochets, 1 Double Crochet, 2 Front Post Treble Crochets, 2 Double Crochets in top of chain 3 from previous round.

Continue repeating Row 4, switching colors as desired, until your project reaches its desired size. Finish last stitch with a slip stitch and weave in all ends.

Downhill: Into the next stitches work 2 Front Post Double Treble Crochets, 2 Treble Crochets, 2 Front Post Double Treble Crochets, 1 Treble Crochet.*

Repeat from * until the last leg of the ripple.

Last Leg: For the last valley you will work [1 Treble Crochet, Skip 2, 1 Treble Crochet] together. Then, complete the rest of the last leg by working 2 Front Post Double Treble Crochets, 1 Treble Crochet, 2 Front Post Double Treble Crochets, 1 Treble Crochet, 2 Front Post Double Treble Crochets, 2 Treble Crochets in top of chain 3 from previous round.

Continue repeating Row 4, switching colors as desired, until your project reaches its desired size. Finish last stitch with a slip stitch and weave in all ends.

WIP CARD

Instructions

THIS PRINTABLE WIP CARD CAN BE PRINTED AND ADDED TO YOUR WIP BAG / CONTAINER IF YOU DESIRED. IT IS A HANDY WAY TO KEEP TRACK OF VARIOUS PROJECT DETAILS.

- 1.PRINT ON PLAIN PAPER
- 2.CUT ON OUTERMOST DOTTED LINES
- 3.FOLD ALONG CENTER

HOOK SIZE KEEPER

THIS SMALL HOOK SIZE REMINDER CAN BE PRINTED OUT AND AFFIXED TO ANY ONE OF YOUR GRANNY SQUARES WITH A STITCH MARKER AS A REMINDER WHICH HOOK SIZE YOU ARE USING FOR THIS PROJECT.
